Kindness

Commitment

Resilience

To all Parents/Carers of all Rowans' pupils

22nd September 2020

Dear Parent/Carer

We have been really pleased with the way in which pupils have responded to our Covid safety measures since starting back at school this year. Thank you for your on-going support and sensible approach during this difficult time.

During the lockdown period last year staff and pupils embraced online learning which ensured that all pupils still had access to an education. This was extremely important for everyone.

The current rules around isolation periods, time waiting to be tested and pupils not managing any Covid regulations in school or even a positive Covid test result, could possibly mean that pupils are at home remote learning for a brief or extended period of time. With this in mind, your child has been **allocated a digital device in anticipation of the need for remote learning**. Although the device belongs to the school it has been allocated for the sole use of your child. Work will be set and marked on google classroom and there will be live lessons to attend. Of course, your child may wish to complete additional work at home to consolidate work done at school and this is welcomed.

You will be given a digital device agreement form to sign and return to school once you have received the allocated laptop. This device must stay at home and be returned to the school when requested.

All children will continue to attend school as normal unless they fall into one of the above categories, if this is the case then please inform the school immediately. We will continue to communicate any changes and adaptations to the school day to you.

Thank you for your continued support.

Kind regards

Mrs F May
Headteacher
